TIDY UP

Perth's Rubbish Removal Experts

Capability Statement

2027

Our Mission

To help create a world without waste by employing and empowering capable people and matching them with modern, purpose built trucks and equipment, that give them the ability to transport and manage material in a highly sustainable manner.

About Tidy Up

Tidy Up is a local WA, family owned business that has been in operation in Perth for over 50 years. Husband and wife team, Tony and Jo Berry, run the business from their Cockburn Central facility, and their mission is to provide the best, most professional, rubbish removal service in Perth, while dramatically minimising the waste sent to landfill.

Team Tidy works across the Government, corporate, commercial and domestic sectors and removes all types of material, from green waste to electronic waste, construction waste, office waste and general household junk etc.

Quality control and high level service standards are key factors in keeping Tidy Up ahead of its competitors, and only the best people pass their strict induction process.

Clients are the lifeblood of the business. Team Tidy knows unequivocally that if they make a good impression, word of mouth business via referral will follow, which in turn creates more employment opportunities and improves working conditions by way of business re-investment.

Ongoing success depends on the ability to adapt and pivot to the ever-changing needs of clients. Change is managed through innovation and the use of time proven systems and processes.

Tidy Up operates **using a full OH&S system**, including Take 2's at the start of each job, Take 5's at the end of each job, manuals for each employee position, assessments on the manuals and practical training, plus continuous on the job training for new starts. A strong list of values is in place, which is entrenched in the business culture and displayed publicly on the home page of the Tidy Up website.

- **Tidy Up is licensed with the City of Cockburn (DA20/1060 – 6022374).**
- **Tidy Up is licensed with DWER (T01225)**
- **Tidy Up is a member of WMAA**
- **Tidy Up has been a Member of WALGA's Preferred Supplier Panel since 2019**

Years Of Experience

Tidy Up was established in 1975 and has years of experience working with Local Governments, including City of Armadale, City of Perth, City of Stirling, Town of Victoria Park and others. They also work regularly with Corporates and NFP's, including WIN Corp, ABC, National Storage, Anglicare and RUAH.

Team Tidy completes regular requests to remove illegal dumping from various LGA's and other commercial entities.

A recent engagement with the Town of Victoria Park required a Tidy Up truck to attend a large street festival event to receive general rubbish from various vendors when their usual bin hire contractor was unavailable.

Finally, Tidy Up has a very close support network of committed stakeholders. In particular, they have worked with Brentnalls WA since 2004. Tony Berry, Tidy Up's Business Development Manager, is a long-standing member of their Business Growth Network, a group of like-minded, local business people who meet on a quarterly basis to share their thoughts, provide support, and discuss current business trends.

The Fleet

5 Trucks

2 Telehandlers

With a fleet of 5 trucks, a commercial van and 2 telehandlers, Tidy Up is heavily equipped, with plenty of capacity to take on more work. The current fleet includes:

Our Car Park

Quantity	Year	GVM	Name
1	2026	-	Avant 860i Telehandler
1	2026	-	Ford Transit LWB Commercial Van
1	2025	-	Avant 860i Telehandler
1	2025	14 tonne	Mitsubishi FUSO Fighter Tipper Truck
1	2024	14 tonne	Isuzu FSR Tipper Truck
1	2024	8 tonne	Isuzu NQR Tipper Truck
1	2023	8 tonne	Isuzu NQR Tipper Truck
1	2018	5 tonne	Isuzu NPR Tipper Truck

The trucks hold a varied selection of materials handling equipment including skates, tub trolleys and upright trolleys, plus other tools and gear.

Combined with 8 fully trained, uniformed road crew members, Tidy Up delivers professional waste removal services on demand.

Team Tidy are all Perth people who love their city!

Local councils are continually tackling the issue of illegally dumped rubbish. When Tidy Up was called to a vacant lot that had become a hotspot for illegal rubbish dumping, they knew they had the capacity to provide a fast and effective solution. See the full story here: https://tidyup.com.au/case-study

Before

- A vacant lot had become a dumping ground for illegal rubbish.
- The local council instructed the property owner to remove rubbish from the lot and recommended Tidy Up.
- The rubbish needed to be removed swiftly and disposed of in an environmentally friendly manner.

After

- Volume of Rubbish Removed: 2 truckloads (16m^3) to landfill, 1 truckload (8m^3) recycled.
- Duration of Clean Up: Clean up completed in six hours, over one day.
- Requirements: Two tipper trucks, a telehandler and four team members.

Sustainability

Tidy Up believes strongly in reducing its carbon footprint and regularly giving back to the community. Visit their website to find out more about how they do this.

Vision

Team Tidy is committed to doing all they can to reduce waste in the Perth metro area. Their Vision is simple:

"Life without landfill"

Social Initiatives

Annually, Team Tidy proudly takes part in a variety of social initiatives. The biggest of these is The Push Up Challenge, a national event that promotes better well-being, while raising awareness and much needed funds for mental health issues and suicide prevention.

Overall, the Environmental and Social footprint of the business is hugely important. Everyone at Tidy Up understands that operations must be underpinned by strong, rigorous systems and processes, and an uncompromising level of safety.
